The Chair of the Shareholders' Meeting asked Andrej Plos, Member of the Management Board, to give a brief summary of the item. -----

Andrej Plos briefly outlined the performance of the Bank and the Group in 2011 (two-thousand-eleven). He added that, in view of changed operating conditions, the Bank's Management Board would amend the 2012 (two-thousand-twelve) business plan. -----

The Chair of the Shareholders' Meeting asked Dušan Jovanovič, Chairman of the Supervisory Board, to comment on the report of the Supervisory Board on verification of the 2011 (two-thousand-eleven) Annual Report of the Nova KBM Group and Nova KBM d.d. -----

After the explanations had been given, the Chair of the Shareholders' Meeting opened the discussion. -----

Venčeslav Pirc, a small shareholder, said that the loss reported by the Bank was too big and that both the Management and the Supervisory Board should be paid according to their performance. He also mentioned that shareholders were not provided sufficient information by the Bank's bodies about the performance of the Bank. -----

Rajko Stankovič, the representative of small shareholders – MDS, said he hoped the President of the Bank' Management Board would keep his word and institute a proceeding against those who had caused damage to the shareholders' funds. He proposed that a special audit be carried out. As regards

the work of the Supervisory Board, he added that its controlling role could have been enhanced. As for the discharge of Matjaž Kovačič from the position of the President of the Management Board, Mr. Stankovič asked for the reasons for the discharge, since, in his view, the status of severance grant paid to Mr. Kovačič should depend on these reasons. -----

Stojan Auer expressed apology to all investors to whom he had recommended the purchase of Bank shares. He said he was pleased that a new President of the Bank's Management Board had been appointed. As regards providing information to shareholders, he proposed that an information office for small shareholders be set up. Given the loss reported by the Bank, he called on the Chairman of the Supervisory Board to refund at least half of the reward he had received. -----

Stanislav Zajšek, a small shareholder, proposed that discharge should not be granted to the Management and Supervisory Board until a special audit has ascertained the actual situation. He also proposed that the salaries and rewards paid to the bodies of the Bank should depend on the Bank's performance. In his opinion, the work of the internal audit was questionable as well. In case the President of the Management Board should request an audit to be carried out, he would get full support from small shareholders. -----

As regards a special audit, the Chair of the Shareholders' Meeting said the proposal for a special or extraordinary audit would not be put to the vote because this item had not been put on the agenda. -----

As for the questions put by shareholders, the Chairman of the Supervisory Board said that Matjaž Kovačič, the former President of the Management Board, had been discharged for non-culpable reasons. As regards the rewards paid to the Supervisory Board, he said all members of the Supervisory Board had been paid only attendance fees for meetings of the Supervisory Board. -----

Venčenslav Pirc then requested the Management Board to submit a report on loan impairments and a list of persons responsible for approving bad loans. He added that the Management Board should inform shareholders on when the criteria for management remuneration would be prepared. -----

Aleš Hauc, President of the Management Board, said the quarterly reports on the Bank's operations were available on the Bank's website. As for the information on customers, he said the Bank should respect the provisions of the Banking Act concerning confidentiality of data. -----

In order not to violate the rules governing confidentiality of information, Mr. Stankovič proposed that a report on loan impairments be made by industry segments. The Management Board agreed that this could be possible. -----

Following some additional questions regarding the responsibility for bad loans, the President of the Management Board said the Management Board was

planning to soon carry out an audit, based on the results of which appropriate damage and criminal actions would be instituted. -----

The Chair of the Shareholders' Meeting then proceeded to the next item of the agenda. -----

3 (three) Information on the amount and the covering of the 2011 (two-thousand-eleven) loss of Nova KBM d.d., granting discharge to the Management and the Supervisory Board of Nova KBM d.d. for the financial year 2011 (two-thousand-eleven), and information on the remuneration provided in 2011 (two-thousand-eleven) to members of the management and supervisory bodies-----

He then opened the discussion. Rajko Stankovič, the representative of small shareholders – MDS, proposed that the auditing firm Deloitte be nominated for the audit of 2012 (two-thousand-twelve) accounts.

As regards the opinion of small shareholders concerning a change of the auditor, Aleš Hauc, President of the Management Board, warned of negative consequences of objecting to the proposal of the Supervisory Board. In his view, this could prolong the process of nominating the auditor. -----

Following the discussion, the Chair of the Shareholders' Meeting first put to the vote the resolution proposed by the Supervisory Board:-----

RESOLUTION-----

Based on the proposal of the Supervisory Board, the auditing firm Ernst & Young d.o.o., Ljubljana, is appointed as the certified auditor for the audit of the 2012 (two-thousand-twelve) financial statements of Nova KBM d.d. and the Nova KBM Group.-----

The Chair of the Shareholders' Meeting said he would first put to the vote the counter-proposal of the Republic of Slovenia, adding that if the counter-proposal was not carried, he would put to the vote the proposal of the Management and Supervisory Board. He then opened the discussion. -----

In answer to the question put by Venčeslav Pirc regarding the exclusion of preemptive rights of existing shareholders, as proposed by the Management and Supervisory Board, Aleš Hauc, President of the Management Board, said this would provide greater flexibility when raising fresh capital. -----

The Chair of the Shareholders' Meeting then explained that the resolution proposed by AUKN differs from the one proposed by the Management Board in the following two points: (i) pre-emptive rights of existing shareholders are not excluded and (ii) the Bank may issue new shares only for cash consideration. --

Following the discussion, the Chair of the Shareholders' Meeting first put to the vote the counter-proposal of AUKN:-----

RESOLUTION-----

The Shareholders' Meeting of Nova KBM d.d. adopts the following amendments to the Bank's Articles of Association:-----

Article 11 is added, which reads as follows:-----

(1) The Management Board of the Bank is authorised, with the consent of the Supervisory Board and without any additional resolution of the Shareholders' Meeting, to increase the share capital of the Bank by not more than €20,407,156.00 (twenty-million-four-hundred-seven-thousand-one-hundred-fifty-six EUR 00/100) through issuing new shares for cash consideration in the period of five years after the amendments to the Articles of Association, adopted at the Shareholders' Meeting on 8 June 2012 (eighth of June two-thousand-twelve), have been entered in the court register. New shares are issued with the rights, under the conditions and in the manner as set forth in the resolution of the Management Board on the increase in share capital.-----

(2) Following the increase in share capital within the limits of the authorised capital, the Supervisory Board is authorised to appropriately amend the Bank's Articles of Association in order for its provisions to comply with the new facts which have arisen due to the increase in share capital and the issue of new shares.-----

In Article 57, the date »26 April 2011 (twenty-sixth of April two-thousand-eleven)« is replaced by the date »22 July 2011 (twenty-second of July two-thousand-eleven)«.-----

The Chair of the Shareholders' Meeting then proceeded to the next item of the agenda.-----

6 (six) Appointment of new and replacement Supervisory Board members---

Dušan Jovanovič, Chairman of the Supervisory Board, first explained the proposal of the Supervisory Board.-----

The Chair of the Shareholders' Meeting informed shareholders of the counter-proposal submitted by Slovenska odškodninska družba d.d. (hereafter: SOD). He then read it and asked the authorised representative of SOD to explain the voting proposal.-----

Matjaž Jauk, the authorised representative of SOD, read the resolution proposal and briefly presented the proposed candidates. A considerable amount of this loss was generated by individual Group companies engaged in the leasing and real estate activities. The Group's pre-tax loss from continuing operations amounted in 2011 to €102.565 million. Compared to the figures reported for 2010, the following items contributed the most to the poor 2011 results: higher provisions and impairment losses (up €92.2 million), lower other net operating income (down €14.7 million), lower net interest income (down €11.7 million), and lower fee and commission income (down €6.7 million). In the stand-alone financial statements of Group companies, the parent bank, Nova KBM d.d., reported a net loss of €84.0 million, while the total net loss of all Group leasing companies amounted to €7.5 million.

Based on the foregoing, and in particular due to the fact that the 2011 results of the Bank significantly deviated from the projection, the Capital Assets Management Agency of the Republic of Slovenia decided to vote against granting discharge to the Management Board and certain members of the Supervisory Board for their performance in 2011.

Resolution proposal to item 5:

COUNTER-PROPOSAL:

The Shareholders' Meeting of Nova KBM d.d. adopts the following amendments to the Bank's Articles of Association:

Article 11 is added, which reads as follows:

(1) The Management Board of the Bank is authorised, with the consent of the Supervisory Board and without any additional resolution of the Shareholders' Meeting, to increase the share capital of the Bank by not more than €20,407,156.00 through issuing new shares for cash consideration in the period of five years after the amendments to the Articles of Association, adopted at the Shareholders' Meeting on 8 June 2012, have been entered in the court register. New shares are issued with the rights, under the conditions and in the manner as set forth in the resolution of the Management Board on the increase in share capital.

(2) Following the increase in share capital within the limits of the authorised capital, the Supervisory Board is authorised to appropriately amend the Bank's Articles of Association in order for its provisions to comply with the new facts which have arisen due to the increase in share capital and the issue of new shares.

In Article 57, the date »26 April 2011« is replaced by the date »22 July 2011«.

On the basis of the proposed amendments, the consolidated text of the Nova KBM's Articles of Association shall be drawn up.

Explanation:

With the amendment of the provision of Article 11, the Bank's Management Board is entitled to increase the share capital on the basis of the institute of authorised capital, with the consent of the Supervisory Board and without any additional resolution of the Shareholders' Meeting.

The Capital Assets Management Agency of the Republic of Slovenia has decided to submit the foregoing proposal with the aim to prevent the total or partial exclusion of pre-emptive rights of shareholders to purchase new shares.

C O U N T E R – P R O P O S A L

Ljubljana, 4 June 2012

I.

Kapitalska družba pokojninskega in invalidskega zavarovanja d.d., Ljubljana, Dunajska cesta 119, and Slovenska odškodninska družba d.d., Ljubljana, Mala ulica 5 (hereafter together referred to as the »Proposers«) hold together 3,126,534 shares of Nova Kreditna banka Maribor d.d., which accounts for 7.99% of the Bank's share capital. II.

The Proposers hereby submit a counter-proposal to item 7 of the agenda of the 21st Shareholders' Meeting of the Bank. This item was put on the agenda on request of the Capital Assets Management Agency of the Republic of Slovenia, dated 15 May 2012, to expand the agenda of the Shareholders' Meeting. At the Shareholders' Meeting, the Proposers intend to urge other shareholders to vote for their counter-proposal, which reads as follows:

Item 7 of the agenda: Undertaking capital raising activities

Resolution proposal:

The management bodies of the Bank shall immediately undertake activities to raise capital, so that the Bank's Core Tier 1 ratio will reach 9% by the end of December 2012 at the latest. Within the context of these activities, an independent due diligence review of Nova KBM d.d. and its subsidiaries (the entire Nova KBM Group) shall be carried out by an internationally selected institution according to international standards. The due diligence shall be carried out on a priority basis and in any case no later than by July 2012. The Supervisory Board shall make a review of audits carried out so far regarding the work of previous management and supervisory bodies, and shall prepare a report on this subject. Also, an indicative assessment must be made by the Supervisory Board of the probability of success in the enforcement of liability of management and supervisory bodies for any damage.

As part of the process to raise the Bank's capital, the management bodies of the Bank need to carry out the activities to sell non-core assets of the Nova KBM Group by the end of December 2012 at the latest.

Explanation:

The Proposers propose that, under item 7 of the agenda, the Shareholders' Meeting adopts a resolution as outlined above. The content of this resolution differs from the proposal submitted on 15 May 2012 by the Republic of Slovenia through its representative, the Capital Assets Management Agency of the Republic of Slovenia. Namely, the Republic of Slovenia proposed that the Bank's Core Tier 1 ratio shall reach 9% by the end of October 2012 at the latest, while the Proposers have extended this deadline to 31 December 2012.

In addition, the resolution proposal is supplemented by the requirement that the Supervisory Board shall make a review of audits carried out so far regarding the work of previous management and supervisory bodies, and shall prepare a report on this subject, together with an indicative assessment of the probability of success in the enforcement of liability of management and supervisory bodies for any damage.

The Proposers propose that their counter-proposal be voted on prior to voting on the resolution proposal submitted by the Republic of Slovenia through the Capital Assets Management Agency of the Republic of Slovenia and prior to any other proposals that might be submitted by other shareholders.
